

Our Placement Process

We make finding the right nanny simple, safe, and stress-free. Here's how it works:

1 Schedule a Free Consultation

We start with a short call to learn about your family, schedule, values, and the kind of nanny you're looking for.

2 Pay the \$350 Search Deposit

This non-refundable deposit begins your customized search. We get to work screening and interviewing potential matches.

3 Receive Pre-Screened Nanny Profiles

We carefully vet each candidate and send you only the best — background-checked, CPR certified, and aligned with your family's needs.

4 Interview & Choose Your Nanny

You meet your favorite candidates (we help coordinate!) and choose the one that feels like the perfect fit.

5 Finalize Placement

Once you hire your nanny, we assist with contracts and collect a 10% placement fee based on the nanny's annual salary.

6 Continued Support

We follow up after placement to ensure things are going well — and we're always here if you need guidance or a backup plan.

Peace of Mind Guarantee

If the match doesn't work out within the first 60 days, we offer one free replacement nanny — no extra placement fee.
